Sorina-Ioana Matthey-de-l'Endroit
Teodora Bozovic
Tori Hislop

Course: Global Strategy**Professor:** Tina Ambos, PhD**Teaching Assistant:** Ane Casajus**Date:** May 20th, 2025

“

Education can no longer be an empty discourse or an electoral promise. It is the **present**, it is the **future**, it is the **only thing** that can truly **transform a country**.

And the good news is that **change** depends on **each one of us**.

”

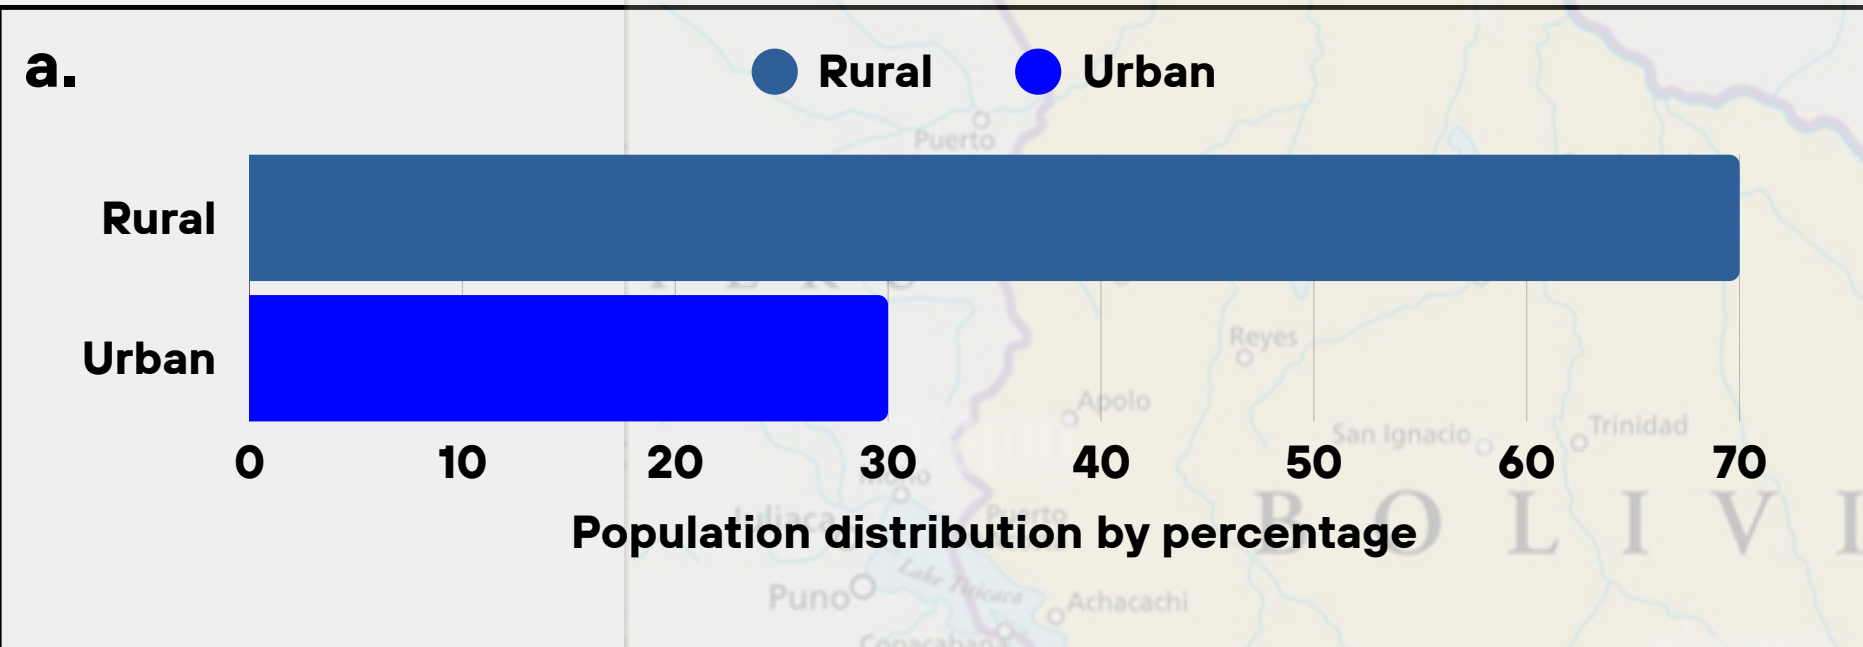

Gonzalo Chávez, PhD

Renowned Bolivian Economist

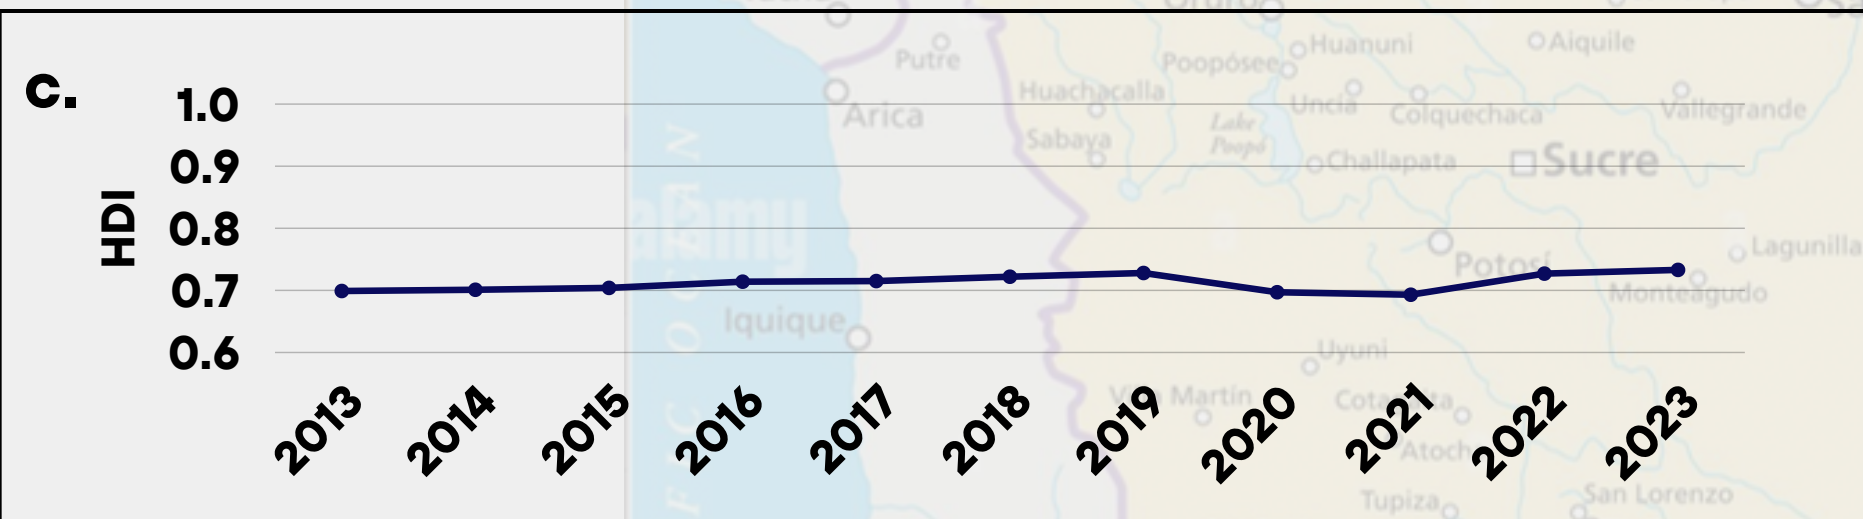

Country Landscape: Bolivia

Country Landscape: Bolivia

b. 36 indigenous groups-predominantly speak Quechua and Aymara, besides the primary Spanish language

d. Bicentennial: Drives development projects for public and private sector

e. Movimiento al Socialismo- Movement for Socialism Socialist political party in power for the last 20 years
Currently, there is conflict within the party.

g. National priorities in 2 agendas that highlight concept of "Vivir Bien"

a. Patriotic Agenda 2025

b. Economic and Social Development Plan 2021-2025 (PDES)

Country Landscape: Bolivia

h.

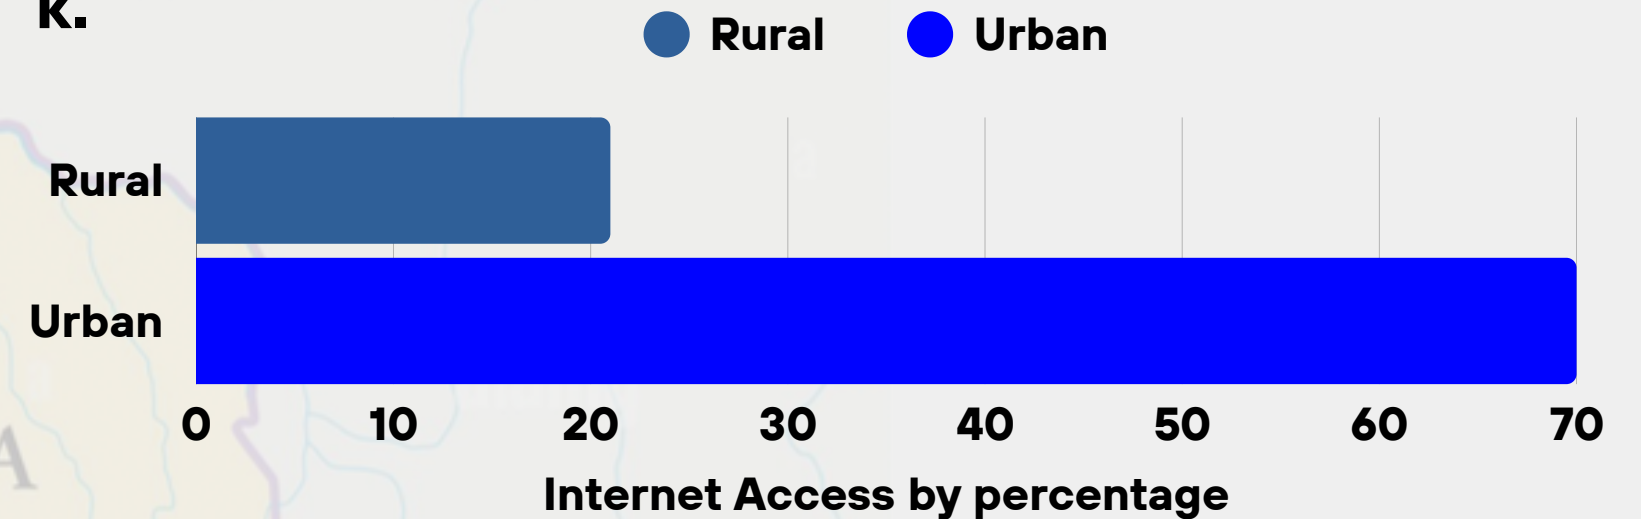

Literacy rate 94% in 2020

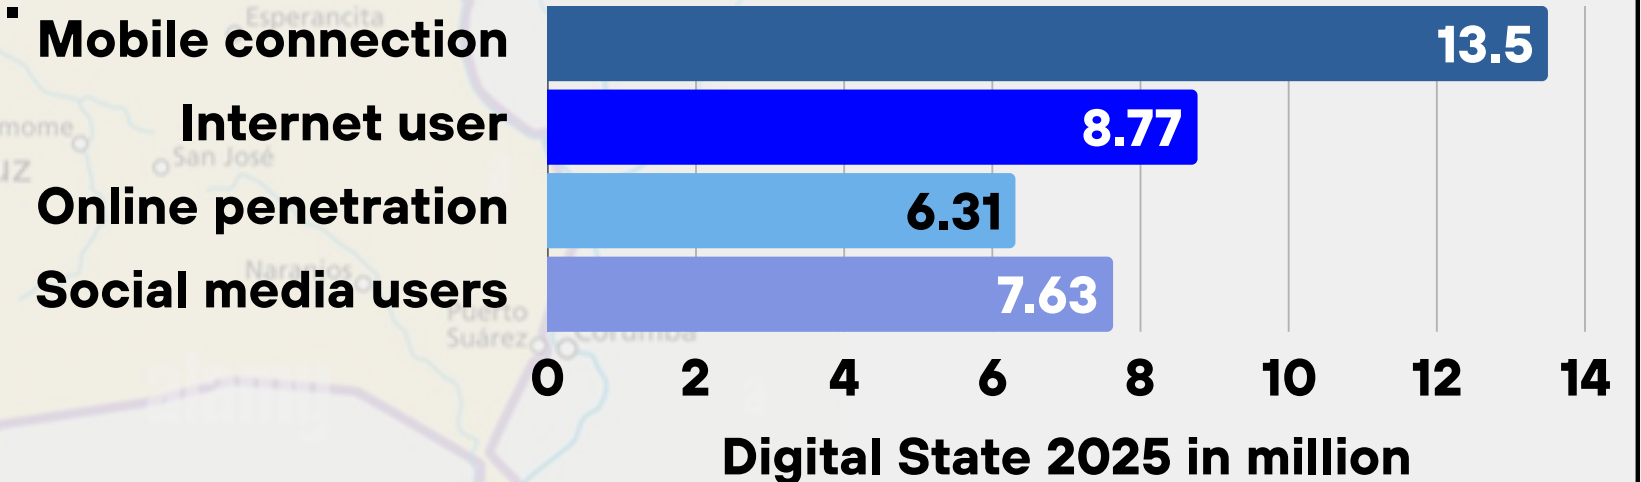

i. Bolivia occupies one of the last places in Latin America in terms of educational performance, according to an international ranking made by UNESCO in the region.

j. Students from indigenous populations have disadvantages compared to the rest of the student body.

k.

l.

m. In 2020- Direct fiber optic connection to the Pacific Ocean through an agreement with Peru

Stakeholders

Selection process criteria: In country leverage within the telecom &/or education space & possibility for funding

1 Primary

Public

- Ministry of Public Works, Services and Housing
 - Vice Ministry of Telecommunications
 - **PRONTIS**
 - State owned company: ATT
- Ministry of Education
- State owned company: Entel

2 Secondary

Private

- Fundación Patiño
- Tigo & Viva

Multilateral Organizations

- UNICEF

3 Tertiary

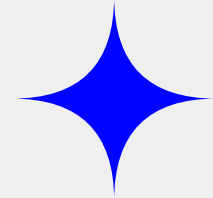

Foundations & NGOs

- Fé y Alegría Bolivia
- Enseña por Bolivia

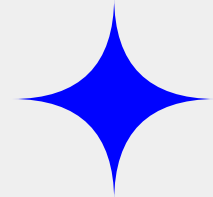

Other Multilateral Organizations

- OAS
- ILO

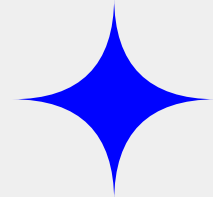

Opportunities

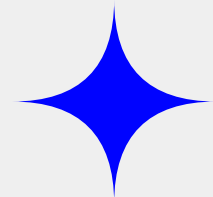

Telecommunications recognized as a human right under the Constitution

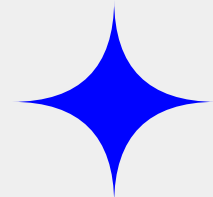

PRONTIS created under the law and allocated first to ENTEL

Establishment of a National Broadband Plan for coverage and coordination

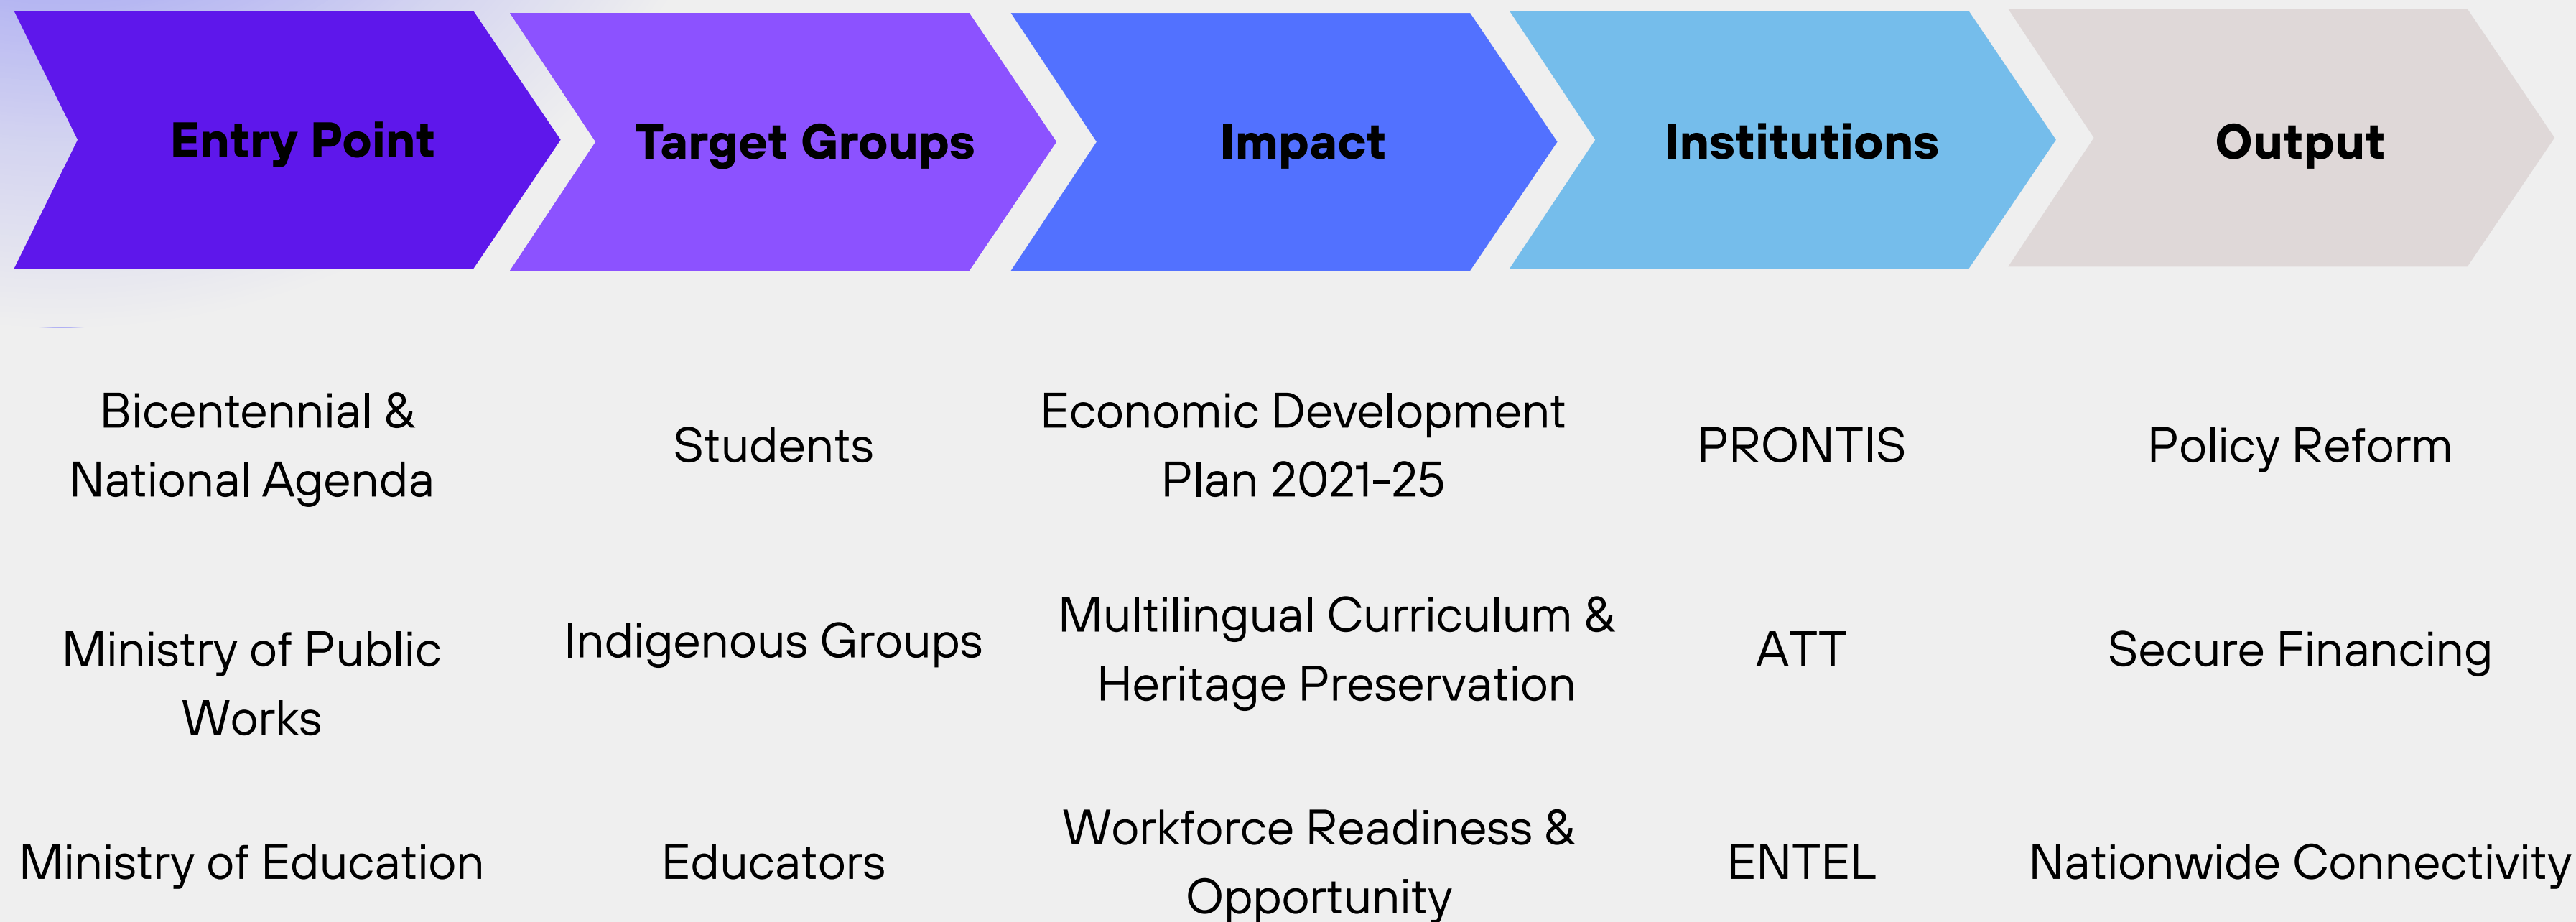

National development agendas prioritize broadband expansion

Expertise of private actors on the local educational situation

Value Proposition

Secondary Roadmap

Value Proposition	Giga	UNICEF Bolivia	Patiño Foundation
School connectivity as a stepstone towards quality education	Problem: Lack of connectivity limits opportunities to fulfil potential .	Vision: Supporting children to develop to their full potential .	Mission: Offer programs to harness the potential of new generations.
Complementarities between organizational designs	Initiative from UNICEF-ITU: • Global knowledge • Past success stories	Multilateral organization: • Local knowledge • Global affiliation	Local foundation: • Local knowledge • Swiss proximity
Opportunities for the development of digital skills	Mission: Connecting every school in the world to the Internet .	Key output: Developing digital skills to transition into adulthood.	Educational activities: Promotion of creativity based on new technologies .

Thank You

Q&A

Annex 1
